## DAISIES

### **NEW ANIMAL OBSERVER**

Use your power of observation as we discover the varied animal life of our nature preserve, play an animal game, and make special animal art! *Daisy Animal Observer Badge.*

### **SHAPES IN NATURE**

Focus all your energy and your eyes on finding the patterns and shapes in the natural world as we explore the woods on a scavenger hunt like no other! Create artwork inspired by nature to reflect all you have learned about nature's shapes and patterns. 75-minute program.

*Daisy Shapes in Nature Badge.*

### **NEW NATURE DETECTIVE**

Animal clues are all around us! Be a nature detective as we explore and identify animal tracks and signs. Make your own animal track craft and create your own track story map! 75-90-minute program. *Daisy Design with Nature Badge.*

### **NEW DAISY EARTH ARTIST**

Discover colors, shapes, and sounds in nature as we explore the woods and meadow communities. In our beautiful native habitat garden, express yourself as you create a piece of mixed-media art! 75-minute program.

*Daisy Outdoor Art Maker Badge. Daisy Art and Design Badge.*

### **DAISY ECO-LEARNER**

Learn how to prepare yourself for the outdoors and protect nature through engaging, hands-on nature exploration. Learn "Leave No Trace" policy. 75-minute program.

*Daisy Eco-learner Badge.*

### **DAISY TRAIL ADVENTURE**

Learn how to prepare for the outdoors including what to wear, how to plan a hike, what to bring, how to stay safe, and Leave no Trace principles. Hike along, using your keen senses to explore our woodland community! 75-minute program. *Daisy Trail Adventure Badge.*

## DAISY, BROWNIES, JUNIORS

### **OUR NATIVE AMERICAN FRIENDS**

Learn about the Native American way of life including food, clothing, shelter, and tools through selected museum exhibits. Girls will explore our interactive woodland village and "fish" from a real dugout canoe, harvest the pretend garden, and help build a wigwam. 75-minute program.

*Daisy Using Resources Wisely Petal, Brownie Celebrating Community Badge, Junior Playing the Past Badge.*

### **UPDATED NATIVE AMERICAN POTTERY**

Discover 70-million-year-old clay! With a short walk down to the beach to see our natural clay deposits; scouts will immerse themselves in our hands-on pottery making program. To preserve the natural clay, students will make their own pottery using store purchased clay. Learn about prehistoric vs. modern crafting tools and how early people were the original problem solvers! 75-minute program. Must be scheduled within 4 hours of low tide.

*Craft and Tinker Badge for Daisy, Brownie & Junior.*

### **NEW BROWNIE MIXED-MEDIA MAGIC**

Follow your sense of adventure and explore the wonderful world of art through the beauty of our nature preserve. Create mixed media magic as you design your own watercolor geode. Explore rocks, minerals & gems from our collection to inspire your natural designs. 90-minute program. *Brownie Art and Design Badge.*

### **SHAPES IN NATURE**

Be amazed at the shapes, patterns, and symmetry during a unique scavenger hunt! Be a citizen scientist as we count & tally birds during our walk. Plus, make a giant spider web! 75-minute program.

*Brownie Shapes in Nature Badge.*

### **UPDATED DESIGN WITH NATURE**

Delve into natural design! Explore the shapes that make up beehives. Make a special nectar feeder for hummingbirds and learn a nectar recipe! Circles hold secrets when it comes to the age of a tree. Determine the age of trees before you leave! 75-minute program. *Brownie Design with Nature Badge.*

**GARVIES POINT MUSEUM & PRESERVE**

50 Barry Drive • Glen Cove • 516-571-8010 • 516-571-8011 • [GarviesPointMuseum.com](http://GarviesPointMuseum.com)

# GIRL SCOUT PROGRAMS

## **BROWNIE OUTDOOR ART CREATOR**

Explore the beauty in nature! Observe art forms during a nature scavenger hunt, listen to bird calls & sounds of nature, use magnifiers, observe animal architects, make tiny animal homes, and make a lasting piece of artwork from nature! *Brownie Outdoor Art Creator.*

## **NEW BROWNIE ECO-FRIEND**

Be nature's guest! Learn the reasons behind our "no collection" policy, how it benefits the ecosystem, and respecting nature as a home. Learn to safely build & disassemble a campfire. 1.5 hr. Bring marshmallows if desired! *Brownie Eco-Friend Badge.*

## **BUGS**

Discover the varied insect life of our meadow, preserve and gardens as we explore their homes, what they eat & eats them, their lifecycles, and more! Make a cool bug craft as we learn about the parts of an insect. 75-minute program. *Brownie Bugs Badge.*

## **BROWNIE OUTDOOR ADVENTURER**

Hike through the woods to learn about birds, trees, and animals. Learn how to blow a grass whistle and tie knots. Amazing adventures wait you in the great outdoors! 75-minute program. *Brownie Outdoor Adventurer Badge.*

## **BROWNIE TRAIL ADVENTURE**

Join us for 3 awesome trail adventures through the woods & meadow and along the beach! Learn how to prepare for the outdoors including proper attire, planning, safety, and Leave no Trace principles. 75-minute program. Must be scheduled within 4 hours of low tide. *Brownie Trail Adventure Badge.*

## **NEW ANIMAL HABITATS**

Explore the varied environments of our nature preserve – as we embark on an animal habitat hunt! What are wild animals vs. pets? What are similarities and differences between groups of animals? Learn about endangered animals and habitat loss. Build a giant bird's nest & participate in a habitat cleanup! *Junior Animal Habitat Badge.*

## **NEW NATIVE AMERICAN BRACELET WEAVING**

Learn the fine art of jewelry-making from the past to the present. Investigate different types of materials and techniques as you create a beautiful, beaded bracelet! All materials provided. 90-minute program. *Junior Craft and Tinker Badge.* \$20.00 per scout and age-appropriate tagalong.

## **UPDATED JUNIOR SHAPES IN NATURE**

Explore our nature preserve and its varied ecosystems to discover the most beautiful and fascinating patterns – tessellations, Fibonacci sequence & golden ratio. Learn by doing in this hands-on, interactive program that allows participants to explore symmetry in its varied forms. Design a craft using all you've learned and so much more! 90-minute program. *Junior Shapes in Nature Badge.*

## **FASCINATING FLOWERS**

There is so much to learn about flowers! Do all plants have flowers? We will explore the parts of a flower, all about pollination, where fruit comes from, diversity of flowers & fruits, how seeds spread and so much more! Flower craft. More to explore during late Spring-late Fall. 75-minute program. *Junior Flower Badge.*

## **TOOLS & ARTIFACTS**

Discover how Native Americans made and used tools, such as stone-working and wood-working tools, as a means of adapting their environment to meet their life needs. Participants will be able to handle authentic tools and other artifacts. In addition, they will use replicated tools such as mortars and pestles, fire-bows, and pump-drills. 75-minute program. *Junior Playing the Past Badge.*

## **TREES - FOR CADETTES**

Explore the woods of the preserve and learn different ways to identify trees & how plants and animals interact. How did Native Americans use natural resources to build their homes? Make leaf-rubbing ID booklets! 75-minute program. *Cadette Trees Badge.*
