World Water Day 2012 at Garvies Point Museum & Preserve

50 Barry Drive, Glen Cove, New York 11542 516.571.8010/11

www.garviespointmuseum.com

All programs free with museum admission: \$3.00 adults, \$2.00 ages 5-12 years

Programs appropriate for adults and children alike.

Saturday, March 24th, 2012 from 10 AM to 4 PM

10:00 AM Beach Clean-Up

Play your part in keeping Long Island beaches clean. Join staff and volunteers in a beach clean up to remove the flotsam and jetsam that are continuously washed in with the twice daily tides.

11:00 AM Film: *Earth Revealed: Ground Water*

On World Water Day, explore the earth's water table with examples worldwide. Follow up if you wish with a look at our exhibits which detail the uniqueness of Long Island's water table. You may ask questions of our Geologist, George Allgaier who will be available. (*Film: 30 mins.*)

12:00 PM Stream Table Demonstration

Witness the power of moving water by observing our stream table demonstration. The stream table is an interactive and exciting way to illustrate how water erosion sculpts the landscape. Followed by a short hike down to the beach to observe these land features in nature.

2:00 PM Program: "Composting: from nature to nurture."

Join in on a nature walk led by retired natural history curator Kathyne Natale to show how Mother Nature composts with a discussion about the how and why of composting in the home garden and more.

3:00 PM Film: *Young Voices on Climate Change*

Seven short movies about climate change, science and solutions and kids making a difference. (*45 mins.*)

"The international observance of World Water Day is an initiative that grew out of the 1992 United Nations Conference on Environment and Development (UNCED) in Rio de Janeiro."-www.worldwaterday.org
