Saturday, March 22nd, 2014

11:00 AM Stream Table: Energy of Water

Witness the power of moving water by observing our stream table demonstration. The stream table is an interactive and exciting way to illustrate how water erosion sculpts the landscape. Followed by a short hike down to the beach to observe these land features in nature.

12 & 2 PM Film: *Young Voices on Climate Change*

Seven short movies about climate change, science and solutions and kids making a difference. (45 mins.)

“The international observance of World Water Day is an initiative that grew out of the 1992 United Nations Conference on Environment and Development (UNCED) in Rio de Janeiro.”-www.worldwaterday.org

Nassau County Department of Parks, Recreation & Museums
